Board Outing on 14/07/2024

On 14th July 2024, Rotaract Club of Presidency College organized a board outing at Super Smashers. The primary objective was to foster team spirit, promote physical fitness, and provide a recreational activity for the new board members.

We booked two courts for two hours and played a series of friendly badminton matches. The event was characterized by a healthy competitive spirit and exceptional sportsmanship, with participants cheering and motivating each other throughout.

Feedback was overwhelmingly positive, with many appreciating the opportunity to bond in an informal and enjoyable setting. The outing successfully promoted fitness, fostered team unity, and served as a productive first activity for the new board. These activities not only provided a fun experience but also strengthened interpersonal relationships within the team.

Ashraya on 20/07/2024

On 20th July 2024, Rotaract Club of Presidency College held its flagship project, Ashraya, at Parvathi Charitable Trust.
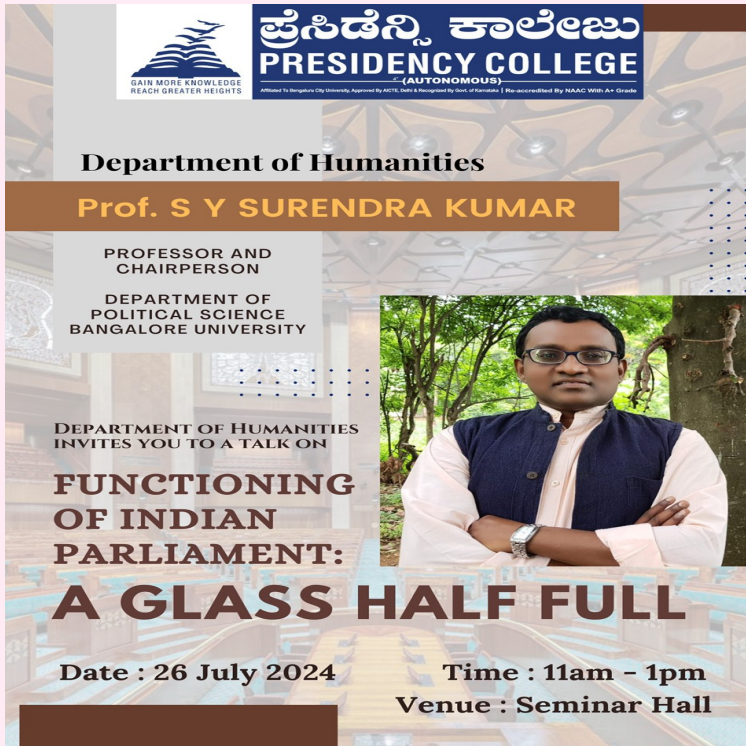

At 12:00 PM, our members arrived and engaged deeply with the elderly residents. They shared personal stories about their grandparents and listened attentively to the residents' life experiences. This interaction allowed our members to gain a profound understanding of the value of their parents and family bonds. We also provided biscuits and fruits to the residents, enhancing the sense of care and community. The event was marked by laughter, meaningful conversations, and a genuine connection, making it a memorable experience for all involved.

Ashraya successfully highlighted the importance of spending time with our elders and appreciating their wisdom. It reinforced the values of empathy and community, leaving a lasting impact on both the residents and our members. We look forward to continuing such impactful initiatives in the future.

Functioning of Indian Parliament on a Glass Half Full on 26/07/2024

Department of Humanities had conducted a guest lecture on " Functioning of Indian Parliament On A Glass Half Full" where the guest speaker Prof. S. Y. Surendra Kumar deliberated on the topic Functioning of Indian Parliament.

The guest lecture was a very enlightening session as the faculty as well as the students got to know a lot about the inner workings of Indian parliament and the many ways our vote matters and the ways certain policies are implemented.
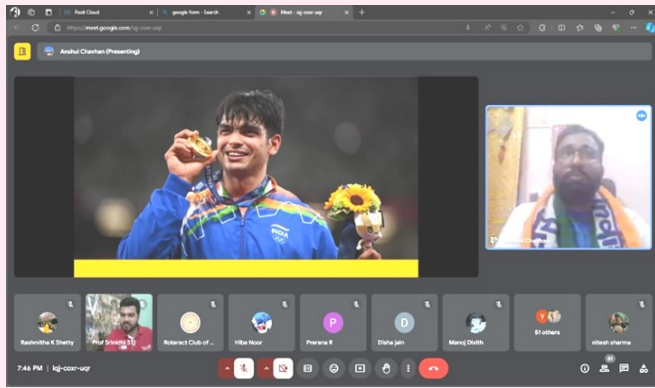

As the lecture progressed the resource person shed light on various Committees and Private bills and Ordinances and how they work in part with the constitution.
As the discussion came towards the end, the floor was opened for the question-and-answer session.
Overall, it was an interactive and highly engaging panel discussion.

Legacy of India in Olympics and Way Forward on 28/07/2024

On 28th July 2024, Rotaract Club of Presidency College collaborated with the Rotaract Club of Swarna Bengaluru for an exclusive online speaker session featuring Mr. Anshul Chavhan, a dedicated sports enthusiast.

The session, held at 7:00 PM, focused on the "Legacy of India in the Olympics and the Way Forward." Mr. Chavhan provided an in-depth exploration of India's Olympic history, highlighting significant achievements and discussing future prospects for the nation's athletes. His insights offered a valuable perspective on both the historical and future aspects of India's participation in the Olympics.

This engaging session was a remarkable opportunity for participants to gain a deeper understanding of India's sports legacy and the challenges ahead. The event successfully provided meaningful and inspiring content, enhancing our appreciation for the dedication and progress of Indian athletes.

AI Toools For Coding in 2024 (Free and Paid)
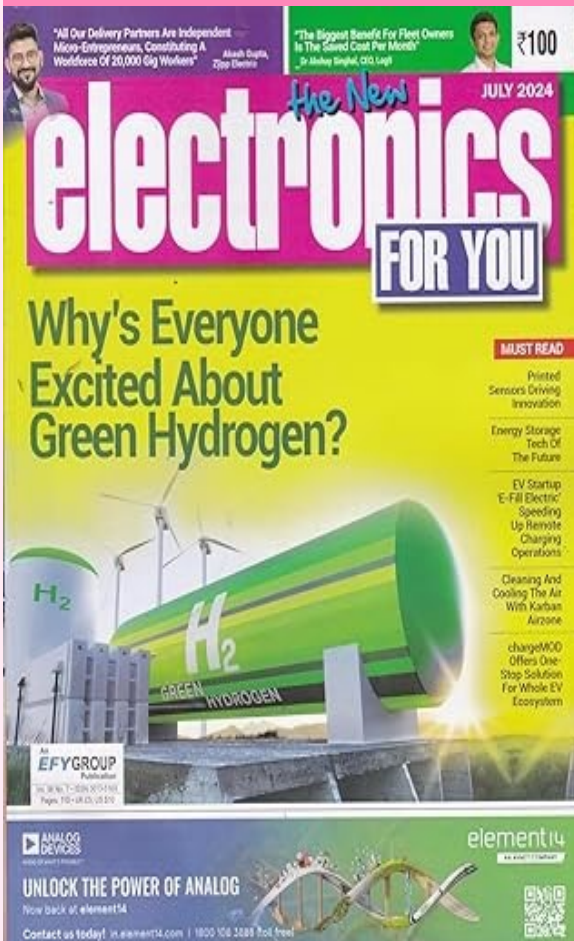

Get a Virtual coding companion:
Coding is both a skill and an art form, requiring both technical expertise and creative problem solving. There is a large scope for AI to solve the complexities of coding and make the process more reliable.

What is AI for coding
AI for coding is an assistant coder by your side. Similar to what ChatGPT is for writers. These are sophisticated software tools that leverage artificial predict large snippers of code you could use. This helps improve productivity and reduces errors. These tools can:

♦ Help you avoid syntax errors for different programming languages.
♦ Help you quickly debug your code, flagging potential errors.
♦ Help improve coding efficiency by suggesting alternative implementations.
♦ Suggest comments to keep your code more readable. This also helps improve collaboration between teams and avoid conflict.
♦ Make it easier to collaborate with your team in IDE
♦ Help you stay updated with the latest developments and can help save time and efficiency.

ELECTRONICS FOR YOU

Startups And Innovators

1. EV Startup 'E-Fill Electronic' Speeding Up Remote Charging Operations:

E-Fill Electric was established by Rupak Jha and Mayank Jain in Delhi in 2019. How ever, soon the founders realized that they needed to shift to a location that provided them with a competitive edge. So, they chose New Delhi's Suburb Sonipat for the expansion of E-Fill Electric.

2. Cleaning and Cooling The Air With Karban Airzone :

An air-purifier, a fan, and lights-all in one modern chandelier-style appliance Karban's bladeless fans, Karban Airzone, With air purification systems offer just that.
Jaipur-based startup Karban Envirotech Pvt Ltd is transforming the consumer appliance market with its bladeless fans that have built-in air purification and lighting systems. Founded in December 2021, Karban, named after founder Karan Bansal, has designed and manufactured a bladeless ceiling fan with a built-in air purifier and lights.

3. Charge Mod Offers Noe-Stop Solution For Whole EV Ecosystem

Kerala-based energy tech startup charge MOD Pvt. Ltd began its operations in 2021-22 and initiated monestisation in early 2022.

OPEN SOURCE FOR YOU

What it Takes to Manage Data in the Digital Era :

Effective data management helps to streamline business operations, enhance decision-making, drive innovation, and improve business efficiency and competitiveness. There are a number of open source tools that can be used to manage data efficiency, ensuring its security and privacy.

Harnessing Open source Solutions for Robust Data Management and Security :

Understanding why data management matters is crucial in today's digital age. Without it, data remains chaotic and unusable. Open source solutions bring community-driven innovation to the table, offering robust strategies for managing data in the cloud era and addressing the unique challenges posed by new-age technologies like AI and IoT.

Strategising Data Management in the Cloud :

Cloud data management refers to the process of storing, managing, and protecting data that is hosted on a cloud platform. It Involves various practices and technologies to ensure that data is securely stored, easily accessible, and effectively utilized by organizations. Data is not just information; it's a conversation waiting to be had. A cloud data management strategy sets the stage for this conversation to be insightful, productive, and ultimately, transformative.

INDIA FORBES

An AIdeal World :

OpenAI's Indian-origin VP Srinivas Narayanan, who inaugurated the Global INDIAai Summit 2024 in Delhi, on how AI has added speed and dynamism to an already-vibrant entrepreneurial ecosystem in India

The Big Pharma Dose :

Industry stalwarts discuss the way forward-in terms of creating a quality culture, solving supply chain issues and bringing innovation-at a summit by the Indian Pharmaceutical Alliance.

'We'll Tap Our India Advantage for International Expansion" :

Dennis Woodside, who recently took over as CEO and president of Fresh works, on AI initiatives, acquisitions and founder Girish Mathrubootham's forward-looking product.
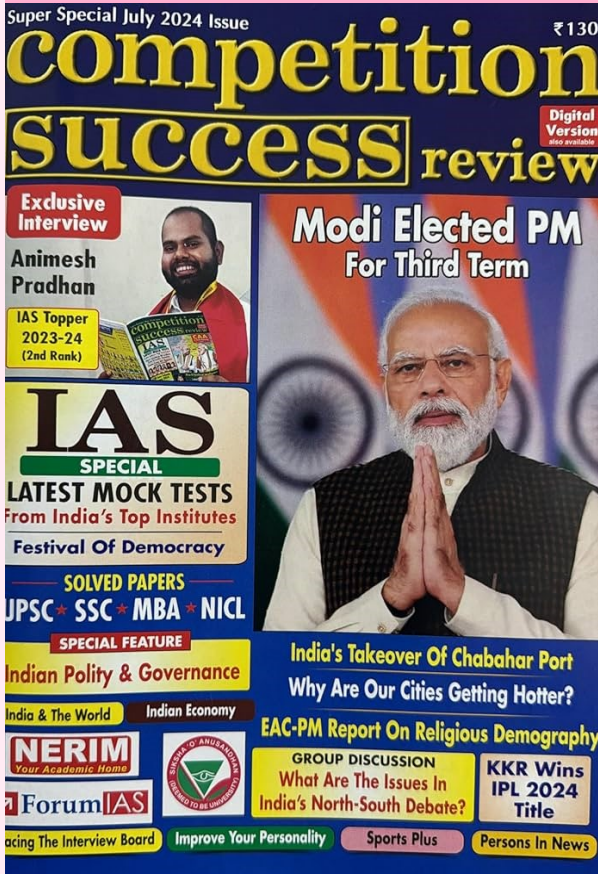

Brick By Brick :

PNC Menon's Sobha Group will soon foray into the US, after having emerged as the third largest real estate player in Dubai. In India, after three decades, it wants a slice of the high-value Mumbai pie.

Weak Monsoon Brings Food Inflation Fears :

After a good start, the 'pause' in rains has delayed the sowing of Kharif crops stoking concerns of food price rise and higher-for-longer interest rates.

COMPETITION SUCCESS REVIEW

Indian Polity & Governence :
National Flag: " A flag is a necessity for all nations. Millions have died for it. It is no doubt a kind of idolatry which would he a sin to destroy. For a flag represents an ideal." so said Mahatma Gandhi. True to his words of wisdom, Indian National Flag, the Tricolor, also embodies the spirit and idea of India.
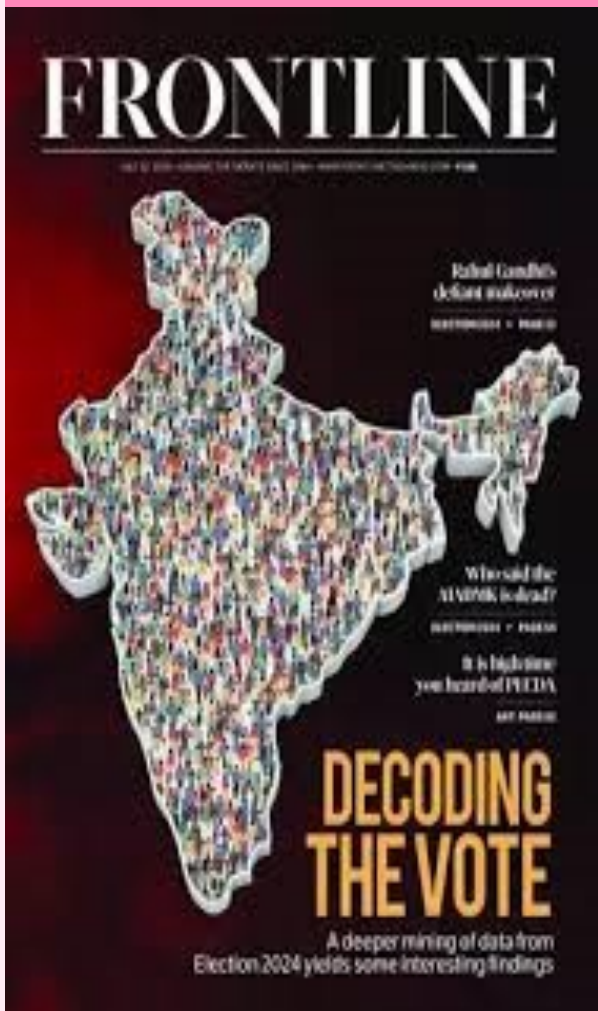

The Pen is Mightier than the Sward:
In a world where conflicts often erupt into violence and discords, the adage. "The is mightier than the sward" remains as relevant as ever. This timeless proverb underscores the profound impact of words and ideas in shaping human history and societies. In this essay, I will explore the significance of the powerful metaphor, examining how the written and spoken word can wield influence, inspire change, and ultimately, triumph over brute force.

Consistency, Limited Sources, Multiple Revision, Taking More Mock Exits and Analysing my Performance are the Secrets of My Succes :
"I extend my heartfelt gratitude to the team at Competition Success Review. In my opinion, CSR helps people gain knowledge through last-minute delivery. It is doing good work."

FRONTLINE

The RSS Sends a Message :
The RSS believes the confused signaling on the caste census and the misfiring of the "400 paar" narrative are among the reasons for the BJP losing seats in its stronghold of Uttar Pradesh. The Sangh, apparently, has put Narendra Modi on notice.

Busting the Urban-Rural Myth :
Grading urbanization in constituencies using satellite imagery helps capture the dynamics of the transition, bringing out one interesting nugget: in the 2024 election the BJP has lost more ground in rapidly urbanizing areas places witnessing a lot of transition from rural to urban than in areas that have urbanized more slowly.

Walking a Thghtrope :
N. Chandrababu Naidu, Stepping into his fourth term as Chief Minister of Andhra Pradesh, is known as a hard-working technocrat, but this time around he will have to balance welfare and development if he wants to take along his rural voters.

Bihar : an Uncertain Abyss? :
In the absence of either fieldwork involving interviews with politicians, journalists, academics, and local residents, or any substantial archival work, the books suffers a lack of rigor, which would have provided it with academic credence.
