

## Invited Talk - Webinar

Program Name: Webinar – IoT (Internet of Things)

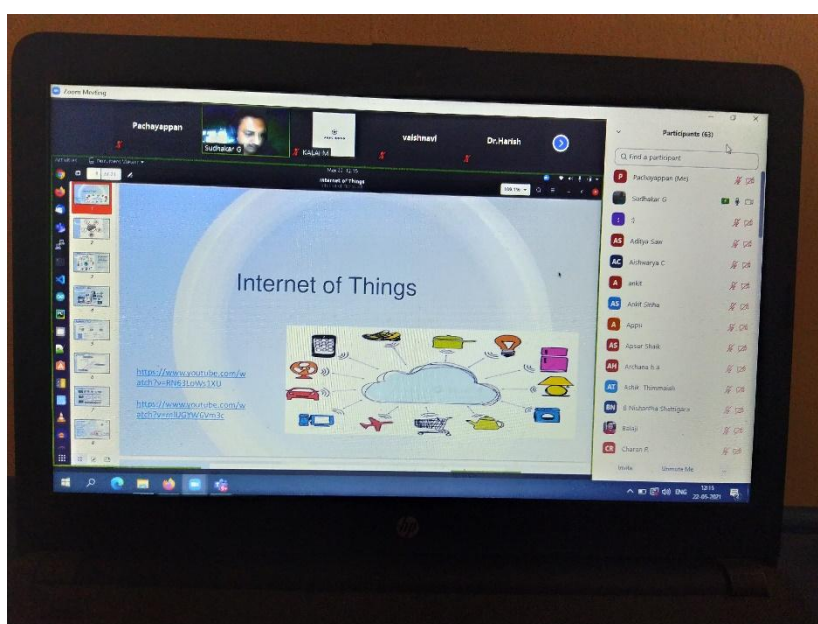

Date: 22-May-2021

Time/Duration: 1 Hour

Total Number of Participants: 60

Name of Resource Person(s)/Organization: Mr. Sudhakar

Venue: Virtual

A technical session on **Internet of Things** was conducted on Saturday, **the 22nd May 2021** in Virtual mode (webinar) for all the Students of I Semester MCA. **Mr. Sudhakar from Mindtree Ltd.,** was **the resource person** for the session. Presently, he is a Technical Architect for the IoT based projects. He holds Engineering degree in Electronics and Communications. Since 1997, he has worked in

various IT firms such as Nokia Siemens, Microsoft, HCL, Peepal and few others too. He works for Mindtree Limited since 2015. Currently, he is designing IoT based health care system products. The speaker started the session with a video clip of a Hollywood movie released in early 1990s; just to show how fictions turned into reality. Furthermore, he proceeded with the architecture of IoT systems from Microsoft Azure and Amazon. Moving on to the application part, many real life examples were presented. Also, the related technologies that would fetch job for MCA candidates were briefed, which had given the clear insights of the hot trend in the industry. There were few students who had actively participated by interacting with the speaker. Overall, the session was a good learning experience for the participants.
