Invited Talk

Program Name: Internet of Things

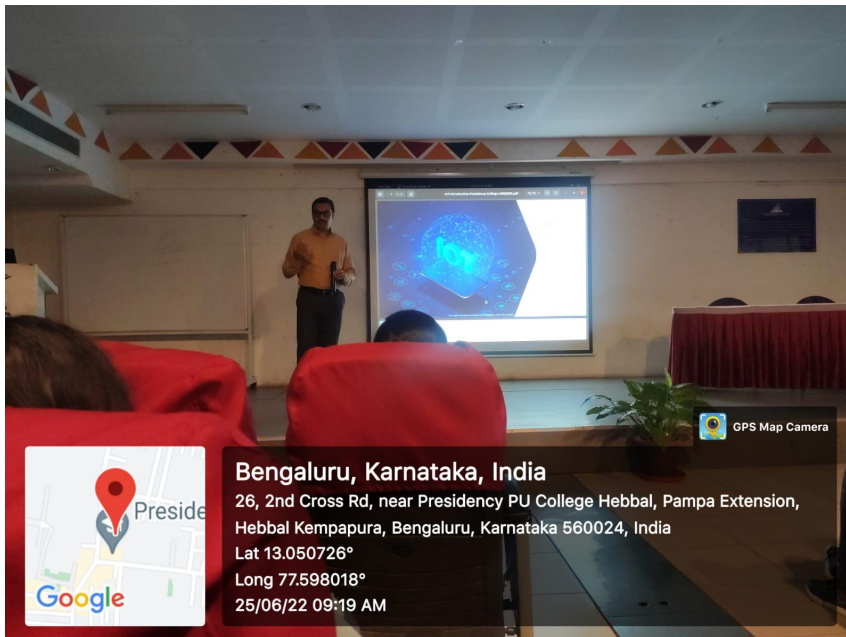

Date: 25-June-2022

Time/Duration: 1.5 Hrs

Total Number of Participants: 180

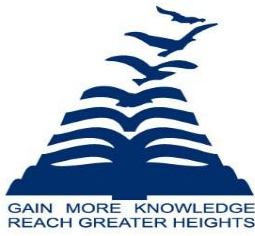

Name of Resource Person(s)/Organization: Mr. Sudhakar

Venue: Seminar Hall

A technical session on **Internet of Things** was organised on Saturday, the **25th June 2022** for all the Students of II semester MCA. The resource person for the session was **Mr. Sudhakar**, who is presently working as senior manager in **Mindtree**, after having working in several IT companies since 1997. He is **Engineer in Electronics and Communication**. Also, he

is a mentor of **Great Learning Programme at IIT Chennai**. His specialisation is in Data Science, Cloud, and IoT technologies. The topic chosen for the session was Internet of Things, he started explaining the benefits of IoT, followed by architecture of IoT. Furthermore, the applications of IoT were explained through video clips and pictorial illustration. Some of the examples were smart kitchen, smart farming, smart vehicles, smart industries etc., Students were curious in knowing the future life style modification through IoT. There were many students who had interacted to the resource person about the career opportunities for MCA students. For all the questions, clarifications were given in much simpler and easy to understand manner. The session was interactive and fruitful one.
