Report on Invited Talk

Date: 13-Feb-2019
Topic: IoT

A technical session on Internet of Things was conducted on Wednesday, the 13th Feb 2019 in Seminar Hall for the Students of II semester and IV BCA. The resource person for the session was Mr. Rohit Kumar Ranjan from Delloite. **Mr. Rohit is a certified ethical hacker and EC Council Certified Security Analyst, Also, he is specialized in making drones**. The objective of the session was to create awareness amongst our Students about the future communication system amongst devices. The resource persons advised the Students to involve in making devices that help human beings in their daily chores. He spoke about the hardware components required to build systems and appropriate programming such as python and C. Furthermore, they told about job opportunities in the field of drones and automated systems that communicate themselves, which in turn created more interest amongst Students to take up career in the field of IoT.
