Report on Invited Talk

Date: 07-Aug-2018
Topic: Software Engineering

A technical session on Software Engineering was conducted on Tuesday, the 7th August 2018 in Seminar Hall for all the Students of V semester BCA. Dr. Thangadurai for the session. Dr. Thangadurai, a senior Consultant from "RATS Technologies" started the session with an overview of Software Engineering Concepts in developing real-time application products. The objective of the session was to motivate the final year students to take up the project work sincerely so as to fetch jobs immediately after the education. All the phases of Software Development Life Cycle were explained in depth with an in-depth exploration of features and functionalities. All the Students had learnt the concepts of Software engineering in a nutshell that will facilitate them to understand their curriculum subject better.
