ABOUT

Presidency College

Presidency College (Autonomous), Kempapura, is a top ranked premier institute in the country. The College has been **reaccredited by NAAC with A+ Grade.** As a top autonomous institution, the college has adopted excellent curriculum which is on par with the current trends. The institute integrates several practical skill-oriented components into the curriculum with the **Choice Based Credit System (CBCS) and Continuous Assessment and Grading Pattern (CAGP) of education at its core.**

Presidency College (Autonomous) has followed a pragmatic approach with appropriate strategies to adopt the National Education Policy 2020 in its true spirit. The new NEP follows a student-centric approach. The needs of the 21st century require that liberal broad-based multidisciplinary education become the basis for higher education. Presidency College believes in liberal education as a long-run approach across all **undergraduate programs, including those in professional, technical, and vocational Courses.**

Department of

Computer applications

Department of Computer Applications had its humble beginning, in the year 2000. It offers Undergraduate (BCA) and Postgraduate (MCA) programs. It has witnessed tremendous growth and now has over 500 students. The department boasts of state of the art laboratory, a spacious library with a diverse collection of books and E – resources which facilitate the perfect environment for learning.

The curriculum is rightly tuned for the holistic development of the students and aims at nurturing them as proficient computer professionals. The students of the Department have secured top ranks in the University. Innovative pedagogy, blended learning method and continuous assessment system ensure that students achieve the specified outcomes. The aim is to provide overall development of students by honing their talents and programing skills.
