PRESIDENCY GROUP OF INSTITUTIONS (PGI):

Presidency Group of Institutions (PGI): The PRESIDENCY Group of Institutions is well known for its innovative and value-based education. Established in 1976, Presidency Group of Institutions (PGI) comprises of Presidency University, Presidency College and eight schools, all located across Bengaluru. The Group has been awarded the title of 'Most Promising Institute in South India' by the British South India Council of Commerce and Business Meet.

ABOUT THE PRESIDENCY COLLEGE

Presidency College is a private professional college established in 2000. The College is presently affiliated to Bengaluru City University and is re-accredited by NAAC with 'A+'. Recently, Presidency College is conferred with an 'Autonomous Status' under the provisions of the UGC Regulations-2018, for a period of ten years from the Academic Year 2020-21

ABOUT THE PRESIDENCY

BUSINESS SCHOOL

Presidency Business School (PBS), established in 2002 as a part of Presidency College, continues to attract good faculty talent and students from across the country. Besides ensuring the requisite content and quality of management education, the Business School pays extra attention to and lays special emphasis on the process of learning in the two-year MBA programme.

ABOUT THE CONFERENCE

India, the world's sixth-largest economy, is projected to achieve a USD 5 trillion economy by 2025. The country's current structure and emerging dynamics provide grounds to target 1 trillion dollars from agriculture and allied activities. 1 trillion from manufacturing, and 3 trillion from services. Prime Minister Narender Modi expressed confidence in India's potential to be a \$5 trillion economy in 2024. The BJP-led government has provided a solid foundation for India to achieve its target. The Economic Survey 2019 laid out a blueprint for a \$5 trillion India economy, focusing on a "virtuous cycle" of savings, investments, and exports. The government has ongoing initiatives across sectors, including reorienting policy focus from production-centric to income-centric in agriculture. The proposed Industrial Policy 2018 envisions a globally competitive Indian industry that is modern, sustainable, and inclusive. However, there are challenges before the vision of a \$5 trillion economy. Commerce and management experts must identify and assess these challenges and find a roadmap to achieve India's vision.

OBJECTIVES OF THE CONFERENCE

- 1. To expose the advantages and importance of India's 5 Trillion Vision 2. To assess the challenges and Roadblocks ahead for India's 5 Trillion
 - ion
- 3. To identify the factors working in favor India's 5 Trillion Vision
- 4. To discover the areas where the need to work more to reach its vision
- 5. To explore various opportunities available to India's 5 Trillion Vision 6. To offer the best suggestion to the policymakers from the seminar discussion
