With the growing transport in the city, it was important for people to realise the importance of pollution free and green transport. The Directorate of Urban Land Transport along with various community partners has been immensely working towards the cause of promoting use of bicycles as a pollution free means of transport through their marquee event Cycle Day. Rotaract Club of Presidency College over the course of 4 years has been associating with the DULT and organising Cycle Days at various locations such as Coffee Board Layout, RT Nagar, Yelahanka, Anand Nagar and RMV 2nd Stage. Not only this but we have also been the only college-based club to be the Community Partners contributing towards the success of Cycle Day. For the same, Rotaract Club of Presidency College was felicitated by the Honourable Chief Minister of Karnataka, Mr. H.D.Kumaraswamy for being the sustained Community Partners for Cycle day.

This was followed by the launch of the "Trin- Pedal with Pride" bicycle renting service where over 3000 bicycles have been stationed at various cycle pads which can be used by the general public for safe and green commute. It was indeed a moment of honour for us to have been able to contribute towards the cause and receive the felicitation for the same at such a big platform.

We look forward to more such contributions towards building a better and safer society.
