

Program Name: Karnataka State Industrial Force (KSISF) Donation

Date: 20th January 2022

Venue: Yelahanka

Rotaract Club of Presidency College partnered with Rotaract Club of Vidyaranyapura to donate masks, sanitizers and oximeters to the Karnataka State Industrial Force (KSISF) a non policing entity that manages internal security in the form of first responders who carry out screening before they enter vital institutes.

With nearly 16+ team members infected in the battalion, the battalion has requested assistance in managing the peak of the current covid wave by donating:

50,000 Masks

200 Liters of sanitizers

25 pulse oximeters

It was a fantastic experience in which the members were able to understand the various challenges faced by first responders and assist them in a small way by assisting in the prevention of the coronavirus spread.
