Name of the Event - Painting Session.

Date - 03rd October

Venue - Cubbon park.

Rotaract Club of Presidency College organized a club service activity for their members on 03rd October in Cubbon Park.

Painting allows a person to express themselves in ways they cannot, using words. The theme for the painting was about nature and each member came up with a unique perspective of it. As part of the activity the members painted which allowed them to discover inner peace through art. It was also followed by a potluck with a lot of delicious food and games in which all members actively participated and had fun.

All in all, the painting really helped the Rotaractors to blow some steam off and indulge in some much needed creative time.
