Event Name: Community Service Project

Date: 5th December, 2021.

Venue: Koira Village.

The Rotaract Club Of Presidency College organized a visit to the Koira Village as a part of the community service project. This adventurous initiative was undertaken to acknowledge and appreciate the hard work of farmers put in towards agriculture and to appreciate the progress on the rejuvenation work on Koira lake.

The project started at 7:00 am when all the rotaractors came together in their respective vehicles. Everyone joyously started the journey towards the koira village. Upon reaching the village, the kids of the village were gifted with stationary items. Rotaractors also had some sightseeing at the vineyard and the beautiful Koira lake.

The project ended with some games played with the kids of the village. This community service project definitely helped the rotaractors feel in sync with our nature that we have a big part in preserving and protecting.
